CYBER SECURITY INCIDENT

ALS Limited (ASX: ALQ) has recently identified malicious cyber activity involving unauthorised third-party access to some of our IT systems.

The incident caused temporary disruption to parts of the Group's operations.

Our IT and security teams, supported by external cyber incident response specialists, immediately took and continues to deploy containment action, in line with our incident response procedures.

The vast majority of ALS operations have been restored and are currently operational, with targeted remediation continuing in specific areas.

We have notified the Australian Cyber Security Centre and will coordinate with our clients, relevant government agencies and regulators.

The security and privacy of all information entrusted to us is a responsibility we take seriously. ALS continues to investigate the incident to understand the full extent and potential impacts to data and is working as quickly as possible to provide certainty for all stakeholders.

This announcement was authorised for release by the Chair of the Board.
