

The ALS laboratory in Houston provides reliable analytical testing data to consulting and engineering firms, industry, and governmental agencies around the world to assist them in making informed decisions about their environmental projects. As a NELAC accredited laboratory that includes multiple states, our comprehensive range of environmental testing and technical support services is complemented by a solid commitment to outstanding quality and exceptional customer service, a reputation that sets us apart from the rest.

ALS delivers the best, and we are proud of our stellar track record. We will not settle for the status quo when performance excellence is our goal. ALS recognizes you have a choice, and we are committed to your success. Call us to arrange a laboratory tour, or speak with one of our Account Managers to see how we can assist you on your testing requirements. Simply put, we want your business and will do whatever it takes to earn your trust.
